

## **The Park School (Yeovil)**

### **Vision and Mission Statement**

**Our vision is for the continuation of the Park School to be recognised, locally and internationally for the highest standards of education it offers to pupils with all the benefits of its Christian foundation**

#### **Mission**

Based on its Christian ethos, the Park School aims to provide a solid foundation for life for all its pupils by providing a safe and happy environment in which they can develop academically, physically, emotionally, socially and spiritually to their highest potential so that they can mature into well-rounded adults in today's world.

In practice, the achievement of this aim will be furthered by the continuing development of an effective partnership between staff, pupils, parents and governors.
